Application for Nomination (filled out by Nominator) for Board of Directors

United Way of the EUP encourages participation. In many instances, the most constructive and rewarding service can be achieved through active participation as a member of a committee, the Volunteer Advisory Committee or an active Volunteer. A listing of the various committees is presented on the other side of this sheet. All interested nominees are asked have their nominator complete the following questionnaire so that the board of directors may be aware of the Committee on which you desire to serve and be made aware of any particular educational or addition background experience directly related to a specific committee.
Thank you for your interest. This expression of interest will be maintained in our files for one year, or until there is a board vacancy.

Current Employer:

Committee desired (if more than one, please designate priority):

Reason for desiring to serve on a specific committee:

Have you previously served on a United Way board or other non-profit?

If yes, which ones and for how long?

Do you have any particular experiences, background or education which relate to the work of the board (for which you are seeking appointment) of which the BOD should be aware?

Again, thank you for your interest and concern.
